Installing Dyna Run V3 Application Software

- 1. **DO NOT** connect the USB cable from the computer to the Dynamometer.
- 2. Insert the CD-ROM disc into your CD-ROM Drive.

This 'Windows Installer' dialog box will be displayed.

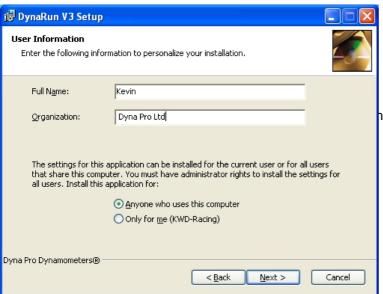

Press Cancel if you wish to 'Quit' without installing 'Dyna Run V3'.

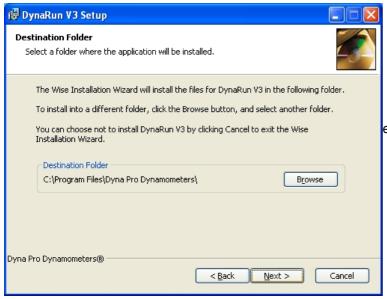

Please read the 'Dyna Run V3 Setup' dialog box and then when ready press the **Next** button.

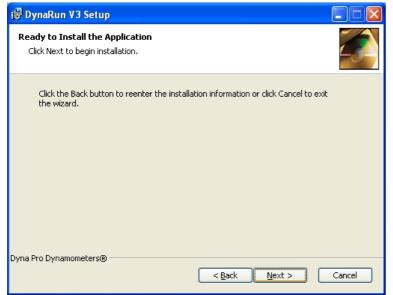

you agree to the 'Licence Agreement' the select I accept the licence agreement radio button, then press Next to continue.

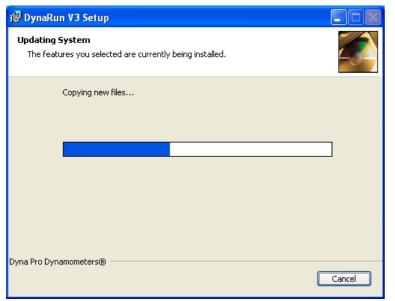

nter your 'Name' and 'Company Name' if you wish, insure that **Anyone who uses this computer** radio button is selected, then press **Next** to continue.

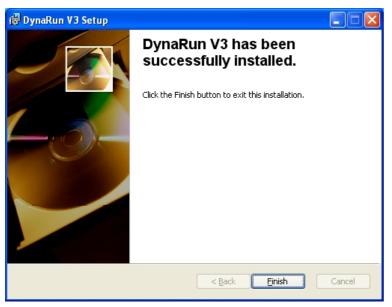

ease leave all these settings as defaulted in the dialog box. Press **Next** to continue.

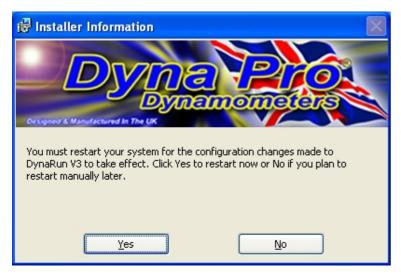

Press the **Next** button to start the *'Dyna Run V3'* installation.

'Dyna Run V3' installation will take a few minutes to complete, the *'Progress Bar'* will show you the current status of the installation.

Press **Finish** to complete the installation.

You will be asked to 'Restart' your system, press **Yes** to restart your computer.

Uninstalling Dyna Run V3 Application

- 1. Select Start
- 2. Click Control Panel.
- 3. Look for **Add/Remove Programs** and double-click.
- 4. Locate 'Dyna Run V3' and press the Remove Button.

Anti Virus Tools (Norton, MacAfee, Symantec etc)

Some anti-virus software may stop the software from installing, if this is the case please temporarily stop the anti virus service during the install procedure.

For best performance from your Dyna Run V3 software please also remove virus file checking from the 'Dyna Pro Dynamometer' directory and its sub folders.

If you have loaded Dyna Run V3 into the 'Local Drive C:' then it will be located under the 'Program Files' Folder.

Dyna View V2 Stand alone Graph Viewing Software

'Dyna Run V3' comes with a stand alone graph viewing software package, that can be included with a customers *'Dyno Runs'* so that they can open and print *'Dyno Runs'* from there own PC, if they are given there *'Dyno Runs'* on a CD-ROM.

The 'Dyna View Installer package' Named 'Dyna View_Setup' is located under 'My Computer' > 'Local Drive C:' > 'Program Files' > 'Dyna Pro Dynamometers' > 'Dyna View Software'. Copy this file to the customers CD-ROM with there 'Dyno Runs'.

NOTE DO NOT install 'Dyna View V2' onto your computer that is Running 'Dyna Run V3'

Dyna View V2 Customer Install

- 1. Insert the CD-ROM, which you have burnt for them into there CD-ROM Drive.
- 2. Locate and double-click the 'DynaView Setup' file from their CD-ROM Drive Directory. (Normally the d:\ Drive)
- 3. Follow the on-screen instructions to install 'DynaViewV2'

Please note that 'Dyno Run Notes' cannot be modified if opening 'Dyno Runs' from the CD-ROM, If the customer wants to modify 'Run Notes' etc they must copy the 'Dyno Runs' onto there PC.

For further Help or Instructions please contact Dyna Pro Ltd

Dyna Pro Driver Installation

Installing Dyna Run Drivers

Once the 'Dyna Run V3' software has been installed and the computer has been rebooted, connect the USB Cable from the Dynamometer to a spare USB port, and switch on the Dynamometer.

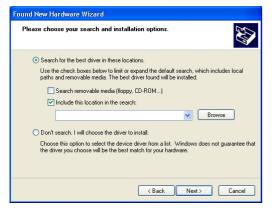

NOTE The USB cable MUST NOT be plugged into a USB multi-port Hub.

 Windows will display a message of 'Found New Hardware' and will display a new window. Select from this window No, Not this time and click Next.

Select Install from list or specific location (advanced) and click Next.

3. Search for the best driver in these locations must be selected, and put a Tick in the check box for Include this location in the search.

4. Press the **Browse** button, and locate the 'Dyna RunV3' CD-ROM, which will be under a folder of 'My Computer' and press the '+' box next to it.

Locate the 'Drivers folder' and press the '+' box next to it.

Left click with the mouse the 'Dyna Pro USB' folder.

Press the 'OK' button when finished.

Then press the **Next** button on the returning window.

5. Press the Continue Anyway button.

Driver Installation will now take place.

6. Press the Finish button.

Windows will then display a message that your 'Hardware is installed and ready to Run'.

- 7. Drivers and software are now installed and are ready to run. Double-click on the 'Dyna Run V3' icon on your Desktop.
- **8.** Select the Model type, and accessories for your '*Dyna Pro Dynamometer*' and press **OK I have Finished**.

Uninstalling Dyna Pro USB Drivers

- 1. Select Start
- 2. Click Control Panel.
- 3. Look for Add/Remove Programs and double-click.
- 4. Locate 'Dyna Pro USB Drivers' and press the Remove Button.
